STAR WARS

IMPERIAL ASSAULT

AHSOKA TANO, REBEL INSTIGATOR

This pack provides the Ahsoka Tano, Rebel Instigator plastic figure that can be used when playing a mission. The other components in this expansion are incorporated as follows:

- Add the power tokens, Deployment card, and Command cards to their supplies.
- If you own the *Heart of the Empire* expansion, add the Side Mission card to the pool of green Side Mission cards. The heroes can choose this card when building the Side Mission deck at the start of a campaign.
- If you own the *Heart of the Empire* expansion, shuffle the Skirmish Mission cards into the Skirmish Mission deck. These cards use the "Uscru Entertainment District" map (see below).

COMPONENT BREAKDOWN

1 Plastic Figure (Ahsoka Tano)

1 Deployment Card (Ahsoka Tano)

5 Command Cards (Right Back At Ya!, Force Push, Force Jump, Balancing Force, Fool Me Once)

4 Power Tokens

1 Side Mission Card (Home Invasion)

2 Skirmish Mission Cards (Uscru Entertainment District)

POWER TOKENS

Various cards and abilities allow figures to gain **POWER TOKENS**. These tokens represent any number of things that increase a unit's effectiveness in battle, from enhanced armaments to affinity with the Force.

When a figure with a power token declares an attack or is declared as the target of an attack, that figure may discard 1 of its power tokens. If it does, apply +1 of the symbol on that token to that attack's results. For example, if a figure spent 1, that figure's player would apply +1 to the defense results.

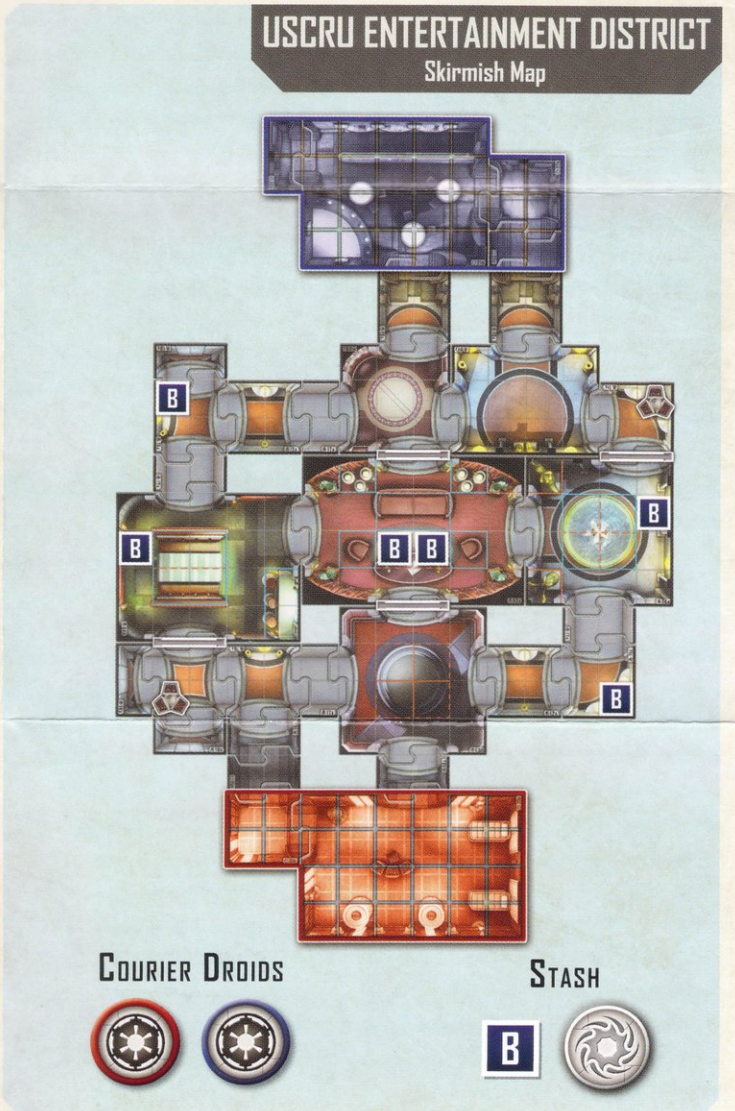

A power token showing a damage symbol

When an ability instructs a figure to gain a power token, that figure's player claims one token matching the symbol of the power token listed in the ability from the supply and places it either near that figure on the board or on that figure's deployment card or hero sheet if that figure is the only figure in its group. When an ability instructs a player to gain any number of , that player gains that number of power tokens of his choice.

Each figure cannot have more than 2 total power tokens. If a figure would gain more than 2, its player must choose tokens to discard until the figure has 2. A figure cannot spend more than 1 power token per attack.

TIME PERIOD

In order to allow a more open-ended play experience, the missions in this expansion do not include time periods and can therefore be used in any campaign.
