STAR WARS

IMPERIAL ASSAULT

ALLIANCE RANGERS

This pack provides the Alliance Rangers plastic figures that can be used when playing a mission. The other components in this expansion are incorporated as follows:

- Add the Deployment, Command, and Condition cards to their supplies.
- If you own the *Jabba's Realm* expansion, add the Side Mission card to the pool of green Side Mission cards. The heroes can choose this card when building the Side Mission deck at the start of a campaign.
- If you own the *Jabba's Realm* expansion, shuffle the Skirmish Mission cards into the Skirmish Mission deck. These cards use the "Nal Hutta Swamps" map (see below).

NEUTRAL DEPLOYMENT CARDS

Deployment cards with a Neutral Icon and card back do not belong to an affiliation. When creating an army for a skirmish, a player may choose to include Neutral Deployment cards as if they belonged to his affiliation. Neutral Deployment cards cannot be used in a campaign.

SKIRMISH ATTACHMENTS

Some skirmish upgrade Deployment cards list the word "Attachment" above their abilities. These cards can be attached to other Deployment cards as follows:

- When deploying units during skirmish setup, if a player has one or more "Attachment" cards included in his army, he places each of these cards on one of his non-upgrade Deployment cards.
- Each Deployment card can have only one "Attachment."
- Abilities on "Attachment" cards apply to all figures in the corresponding group.
- Many attachments require the group to have a specific trait, such as "*Trooper*." Attachments with these restrictions cannot be played on a group that does not have the trait.

When a group with an "Attachment" card is defeated, the opposing player scores VPs equal to the deployment cost of the "Attachment" card in addition to the VPs he scores from the defeated group's Deployment card.

FIGURE COST

Each figure in *Imperial Assault* has a figure cost that may be referenced by abilities and game effects. A figure cost is one of two values:

- If a deployment group has a starting group size of 1, that figure's figure cost is equal to the group's deployment cost.
- If a deployment group has a starting group size of 2 or more, each figure in that group has a figure cost equal to the group's reinforcement cost.

MISSION BRIEFING

The rangers make steady and silent progress towards the Imperial target through the swampy Ithor landscape. But for all their skill, you can't shake the feeling that you are being followed.

A ranger interrupts your thoughts, "Stay focused. We've scouted the area, and there are hidden tunnels through the brush you can use to make an approach. You get in; we'll provide the cover fire."

- Rebel mission tokens represent tunnels. A Rebel figure can spend 1 movement point to move from a tunnel to another tunnel of the same color.
- Doors are locked to Imperial figures.
- The mission will progress when a door is opened (🔓). The mission ends at the end of Round 6 or when all heroes are wounded.

COVER FIRE

At the end of Round 1:

- Heroes deploy the Alliance Rangers to the entrance and control them as allies.
- Each Alliance Ranger becomes Hidden.
- Deploy the reserved Probe Droid and Stormtrooper groups.

ON THEIR HEELS

At the end of Round 2:

- Deploy the reserved Trandoshan Hunter group to the blue point.
- Increase ⚙ by the threat level.

FINAL SURGE

The first time a door opens:

Pushing through vines, you take a breath and breach the door. Two terminals appear to coordinate the relay's equipment.

Hostile forces interrupt your inspection with threats and weapons.

- The red deployment points are now active.
- Increase ⚙ by the threat level and resolve an optional deployment.
- A Rebel figure can attack a terminal (Health: Twice the threat level, Defense: 1▼). Apply +1▼ to the defense results if 1 or more Imperial figures are on or adjacent to that terminal.
- The mission ends when both terminals are destroyed (🔓).

END OF MISSION

When both terminals are destroyed:

"Ace work!" a ranger congratulates you over the comlink. "Meet back at the rendezvous point. We'll make sure you're not followed this time."

- Heroes receive Alliance Rangers as allies.

At the end of Round 6 or when all heroes are wounded:

Overwhelmed by the Imperial forces protecting this relay station, you flee into the swamps for extraction. You lose a few rangers to blaster fire as they stay to cover your escape.

- The Imperial player receives 2 influence.

ADDITIONAL REWARDS

- Each player receives 1 XP. Heroes receive 100 credits per hero. The Imperial player receives 1 influence.
