STAR WARS

IMPERIAL ASSAULT

BANTHA RIDER

This pack provides the Bantha Rider plastic figure that can be used when playing a mission. The other components in this expansion are incorporated as follows:

- Add the Deployment cards to their supply.
- If you own the *Twin Shadows* expansion, the Imperial player can choose the "Tusken Treachery" Agenda set when building his Agenda deck at the start of a campaign.
- Shuffle the Skirmish Mission cards into the Skirmish Mission deck. These cards use the "Coruscant Landfill" skirmish map (see below).
- Add the Command cards to the pool of cards that a player can use to build his Command deck.
- Add the Reward card to the supply of Reward cards. This card can be received by the Imperial player after playing "Into the Wastes."

COMPONENT LIMITATIONS

MISSION BRIEFING

The harsh wind scours the canyons of the Jundland Wastes. Your pilot signals you, "I've got our guy on scanner, but I'm also reading a bunch of Tusken Raiders between you and him. So good luck with that." The harsh bellowing of Tusken Raiders echoes off the rocks as snipers take aim above you.

- Neutral mission tokens represent barricades. Barricades are blocking terrain. A Rebel figure can attack a barricade (Health: Twice the threat level, Defense: None).
- The Rebel mission token represents the captive. A Rebel figure can interact with the captive to claim his token. If there is an Imperial figure on or adjacent to the captive, that Rebel figure tests ⚙. If he fails, he does not claim the captive.
- Imperial mission tokens represent snipers. At the end of each Round, until the first barricade is destroyed, the Imperial player claims 1 sniper.
  - The Imperial player claims 1 sniper.
- The mission will progress when the captive is freed (✪). The mission ends when all heroes are wounded.

SURROUNDED

At the end of Round 1:

- Deploy the reserved Tusken Raider group.

SNIPERS

At the end of Round 3 or when the first barricade is destroyed:

- Until the end of the mission, at the end of each Round, for each sniper in the Imperial player's play area the Imperial player chooses 1 Rebel figure and then rolls 1 blue die. The chosen figure suffers ✖ equal to the ✖ results.

DEADLY ALLIANCE

When the first barricade is destroyed:

- Deploy the reserved Imperial Officer to the blue point. Deploy the reserved Bantha Rider to any red point.
- The blue and red deployment points are now active.

THE INSTIGATOR

When the captive is freed:

The prisoner extends one shaking hand, pointing at a particular Imperial officer. "Him," he says. "He has the data." You have a new target.

- Deploy the reserved Imperial Officer to either red point.
- Apply additional Health to the Imperial Officer equal to three times the threat level.
- The mission ends when the Imperial Officer is defeated (✪).

END OF MISSION

When the Imperial Officer is defeated:

Running as fast as the heat of the Wastes will allow you, you carry both the rescued operative and the officer's data back to your shuttle, leaving the remaining Imperials to the mercy of the enraged Tuskens.

- Heroes receive 100 credits per hero.

When all heroes are wounded:

The banthas and snipers bear down on you. The other Tuskens take advantage of your predicament and grab the operative, taking him deeper into the Wastes. As you retreat, you hear him calling for help that won't come.

- The Imperial player receives the "Tusken Weaponry" Reward card.

ADDITIONAL REWARDS

- Each player receives 1 XP. Heroes receive 100 credits per hero. The Imperial player receives 1 influence.
