STAR WARS

IMPERIAL ASSAULT

EZRA BRIDGER AND KANAN JARRUS

This pack provides the Ezra Bridger, Spectre-6, and Kanan Jarrus, Spectre-1, plastic figures that can be used when playing a mission. The other components in this expansion are incorporated as follows:

- Add the Deployment and Command cards to their supplies.
- If you own the *Tyrants of Lothal* expansion, add the Side Mission card to the pool of green Side Mission cards. The heroes can choose this card when building the Side Mission deck at the start of a campaign.
- If you own the *Tyrants of Lothal* expansion, shuffle the Skirmish Mission cards into the Skirmish Mission deck. These cards use the "Lothal Battlefront" map (see below).

DEPLOYMENT CARD RESTRICTIONS

Some Deployment cards can be used in only one style of play in *Imperial Assault*. A Deployment card marked with a Campaign Deployment Icon ( ) can be used only in a campaign, while a Deployment card marked with a Skirmish Deployment Icon ( ) can be used only in a skirmish.

NEUTRAL DEPLOYMENT CARDS

Deployment cards with a Neutral Icon and card back do not belong to an affiliation. When creating an army for a skirmish, a player may choose to include Neutral Deployment cards as if they belonged to their affiliation. Neutral Deployment cards cannot be used in a campaign.

Neutral Icon

SPECTRE ALLIES

During the *Tyrants of Lothal* campaign, the Rebel players will be prompted to bring a Spectre ally. Spectre allies are those allies with "Spectre" or "Chopper" as part of its sub-name.

You advance on the cantina where the tyrannical Colonel Xarok regularly makes his headquarters and resolve to make an example of this vicious man.

- Apply additional Health to regular Imperial Officers equal to the threat level. Imperial Officers cannot be redeployed when defeated.
- Doors are locked. When both Imperial Officers are defeated, the door to the Market unlocks.
- The mission ends at the end of Round 6 or when all heroes are wounded. The mission will progress when the door to the Market opens (⚓).

UNWELCOME VISITORS

At the end of Round 2:

- Deploy the reserved Stormtrooper group. Each figure in this group gains 1🛡.

LET'S FINISH THIS

When the door to the Market opens:

You burst through the door and come face-to-face with Xarok's guards. The tyrant shouts over a comm system, unaware of his impending downfall.

- Deploy the reserved **Imperial Officer** to the red point. Deploy the reserved **Death Trooper** to the yellow point.
- Apply additional Health to the **Death Trooper** equal to the threat level.
- The blue deployment points are now ~~active. The green deployment points are~~ now inactive.
- Increase ⚙ by the threat level and resolve an optional deployment.
- Neutral mission tokens represent bystanders. A hero can spend 1 movement point while on or adjacent to a bystander to gain its support (👁), gaining 1❓ if successful. Limit once per bystander.
- When the **Death Trooper** is not on the Cantina, the door to the back room unlocks.
- The **Imperial Officer** is Xarok. When Xarok activates, he receives only one action and can only use that action to perform an "Executive Order." Xarok may choose any friendly figure on the map when he uses "Executive Order."
- A Rebel figure can interact with Xarok (✊ or 👁) to cause Xarok to suffer 1✖ for each success. During this test, that Rebel figure may suffer 1✖ to reroll any number of dice. Xarok cannot recover ✖ and cannot suffer ✖ through any means other than this interaction.
- The mission ends when Xarok is defeated (⚓).

END OF MISSION

When Xarok is defeated:

You subdue Xarok with several swift punches and bind him to the nearby desk. Despite his pleas, you leave him at the citizens' mercy.

- If playing as a side mission, heroes receive 1 Spectre ally of their choice as an ally.
- If playing an expanded mini campaign with *Tyrants of Lothal*, resolve the "Comeuppance" Epilogue card.

At the end of Round 6 or when all heroes are wounded:

Xarok and his guards overwhelm you, and you are forced to retreat. As you fly away, you see Xarok's men beating and imprisoning locals as surrogate punishment for your crimes.

- The Imperial player gains 2 influence.
- If playing an expanded mini campaign with *Tyrants of Lothal*, resolve the "Sparks" Epilogue card.
