STAR WARS

IMPERIAL ASSAULT

GREEDO, AMBITIOUS MERCENARY

This pack provides the Greedo, Ambitious Mercenary plastic figure that can be used when playing a mission. The other components in this expansion are incorporated as follows:

- Add the Deployment, Command, and Item cards to their supplies.
- The Imperial player can choose the "Contract Gunmen" Agenda set when building his Agenda deck at the start of a campaign.
- Shuffle the Skirmish Mission cards into the Skirmish Mission deck. These cards use the "Hangar Bay" skirmish map (see below).

SKIRMISH ATTACHMENTS

Some skirmish upgrade Deployment cards list the word "Attachment" above their abilities. These cards can be attached to other Deployment cards as follows:

- When deploying units during skirmish setup, if a player has one or more "Attachment" cards included in his army, he places each of these cards on one of his non-upgrade Deployment cards.
- Each Deployment card can have only one "Attachment."
- Abilities on "Attachment" cards apply to all figures in the corresponding group.
- Many attachments require the group to have a specific trait, such as "*Trooper*." Attachments with these restrictions cannot be played on a group that does not have the trait.

When a group with an "Attachment" card is defeated, the opposing player scores VPs equal to the deployment cost of the "Attachment" card in addition to the VPs he scores from the defeated group's Deployment card.

FIGURE COST

Each figure in *Imperial Assault* has a figure cost that may be referenced by abilities and game effects. A figure cost is one of two values:

- If a deployment group has a starting group size of 1, that figure's figure cost is equal to the group's deployment cost.
- If a deployment group has a starting group size of 2 or more, each figure in that group has a figure cost equal to the group's reinforcement cost.

TIME PERIOD

In order to allow a more open-ended play experience, the missions in this expansion do not include time periods and can therefore be used in any campaign.

MISSION BRIEFING

After arriving at what was supposed to be a Rebel safe area, you hear explosions and the sound of footsteps as the tunnel locks behind you. The Imperials and bounty hunters rush in. One of them points in your direction and snarls, "That one."

- The Imperial player chooses 1 hero. The chosen hero is marked.
- Imperial figures cannot declare attacks targeting the marked hero if he is adjacent to a healthy Rebel figure.
- A hero can interact with a terminal to perform an attribute test based on the terminal's color. Apply -1 ~ to the test results if there are 1 or more Imperial figures on or adjacent to the terminal. If the test is successful, the terminal is discarded.

Red: ⚙ or ⚙ **Blue:** ⚙ or 👁

- If all terminals are discarded, the marked hero can escape through the entrance.
- The mission ends when the marked hero escapes (🏃) or is wounded.

AMBITION

At the end of Round 2:

- Deploy the reserved **Greedo**.
- Apply additional Health to **Greedo** equal to the threat level. When **Greedo** declares an attack targeting the marked hero, apply +1 ✖ to the attack results.

SURROUNDED

At the end of Round 4:

- Increase ⚙ by the threat level at the start of each Status Phase.

INCITING PANIC

The first time a door to the Cantina opens:

You break into the cantina trying to find the controls to escape through the same secret tunnel that got you in. The bounty hunters pursuing you fire off some blaster bolts into the room, whipping the patrons inside into a violent stampede.

- Increase ⚙ by the threat level.

The Imperial player chooses 1 of the following:

- When a figure on the Cantina performs a test, apply -1 ~ to the results.
- The figure who opened the door suffers 4 ✖.
- Push the figure who opened the door up to 3 spaces.

DEAD END

When the door to the Storage Room opens:

- The red deployment point is now active.
- Increase ⚙ by the threat level and resolve an optional deployment to the red point.

END OF MISSION

When the marked hero escapes:

You enter the code to open the trapdoor. With blaster bolts whizzing above you, you slip into the secret tunnel, locking the way behind you. After taking a couple of moments to catch your breath, you break into laughter for having eluded capture once again.

- Heroes receive 100 credits per hero.

When the marked hero is wounded:

Greedo and his bounty hunters circle around their quarry. They then load their prisoner onto a stormtrooper transport as blaster fire holds you back. Command eventually engineers a costly rescue, but your friend returns visibly shaken.

- The Imperial player receives **Greedo** (Ambitious Mercenary) as a villain.

ADDITIONAL REWARDS

- Each player receives 1 XP. Heroes receive 100 credits per hero. The Imperial player receives 1 influence.
