STAR WARS

# IMPERIAL ASSAULT

## HERA SYNDULLA AND C1-10P

This pack provides the Hera Syndulla, Spectre–2, and C1-10P, "Chopper" plastic figures that can be used when playing a mission. The other components in this expansion are incorporated as follows:

- Add the Deployment and Command cards to their supplies.
- Add the Side Mission card to the pool of green Side Mission cards. The heroes can choose this card when building the Side Mission deck at the start of a campaign.
- Shuffle the Skirmish Mission cards into the Skirmish Mission deck. These cards use the "Chopper Base, Atollon" map (see below).

## NEUTRAL DEPLOYMENT CARDS

Deployment cards with a Neutral Icon and card back do not belong to an affiliation. When creating an army for a skirmish, a player may choose to include Neutral Deployment cards as if they belonged to his affiliation. Neutral Deployment cards cannot be used in a campaign.

## SKIRMISH ATTACHMENTS

Some skirmish upgrade Deployment cards list the word "Attachment" above their abilities. These cards can be attached to other Deployment cards as follows:

- When deploying units during skirmish setup, if a player has one or more "Attachment" cards included in his army, he places each of these cards on one of his non-upgrade Deployment cards.
- Each Deployment card can have only one "Attachment."
- Abilities on "Attachment" cards apply to all figures in the corresponding group.
- Many attachments require the group to have a specific trait, such as "*Trooper*." Attachments with these restrictions cannot be played on a group that does not have the trait.

When a group with an "Attachment" card is defeated, the opposing player scores VPs equal to the deployment cost of the "Attachment" card in addition to the VPs he scores from the defeated group's Deployment card.

## VICTORY POINTS

Some abilities allow a player to spend his VPs or force his opponent to lose VPs. A player cannot have fewer than 0 VPs and any VPs lost beyond 0 are ignored. A player cannot use an ability that requires him to spend more VPs than he has.

## COMPONENT BREAKDOWN

2 Plastic Figures (Hera Syndulla and C1-10P)

3 Deployment Cards (C1-10P, Hera Syndulla, Scavenged Weaponry)

5 Command Cards (Evacuate, On a Mission, Take Position, Targeting Network, Advance Warning)

1 Side Mission Card (Phantom Extraction)

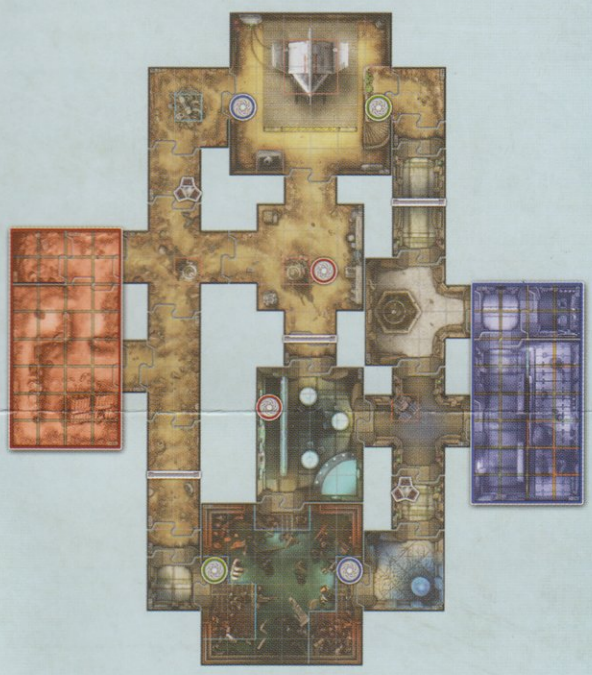

2 Skirmish Mission Cards (Chopper Base, Atollon)

## RE-DRAW

Some Command cards have ability text that allows a player to **RE-DRAW** it. Re-draw abilities are active while the card is in the discard pile. When a player re-draws a Command card, he takes that card from his discard pile and places it in his hand. That card may be played again normally.
