STAR WARS

IMPERIAL ASSAULT

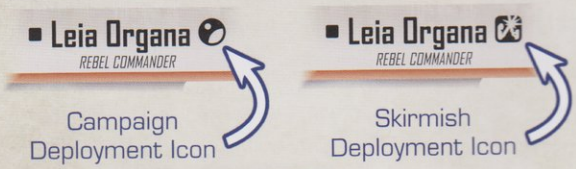

LEIA ORGANA, REBEL COMMANDER

This pack provides the Leia Organa, Rebel Commander plastic figure that can be used when playing a mission. The other components in this expansion are incorporated as follows:

- Add the Deployment and Command cards to their supplies.
- If you own the *Return to Hoth* expansion, add the Side Mission card to the pool of green Side Mission cards. The heroes can choose this card when building the Side Mission deck at the start of a campaign.
- If you own the *Return to Hoth* expansion, shuffle the Skirmish Mission cards into the Skirmish Mission deck. These cards use the "Nelvaanian War Zone" map (see below).

DEPLOYMENT CARD RESTRICTIONS

Some Deployment cards can be used in only one style of play in *Imperial Assault*. A Deployment card marked with a Campaign Deployment Icon can be used only in a campaign, while a Deployment card marked with a Skirmish Deployment Icon can be used only in a skirmish.

SKIRMISH ATTACHMENTS

Some skirmish upgrade Deployment cards list the word "Attachment" above their abilities. These cards can be attached to other Deployment cards as follows:

- When deploying units during skirmish setup, if a player has one or more "Attachment" cards included in his army, he places each of these cards on one of his non-upgrade Deployment cards.
- Each Deployment card can have only one "Attachment."
- Abilities on "Attachment" cards apply to all figures in the corresponding group.
- Many attachments require the group to have a specific trait, such as "*Trooper*." Attachments with these restrictions cannot be played on a group that does not have the trait.

When a group with an "Attachment" card is defeated, the opposing player scores VPs equal to the deployment cost of the "Attachment" card in addition to the VPs he scores from the defeated group's Deployment card.

EVENT SUMMARY

- **Round 1:** Support Troops
- **Round 3:** Wampa Ambush
- **Round 6:** End of Mission

- **Rebel figure enters a snow pile:** Almost There
- **Communications beacon installed or Leia Organa defeated:** End of Mission

MISSION BRIEFING

"We're getting close," Leia assures you as you hike up the mountain into the bitter cold. "The facility is at the peak. It will have the clearest signal."

Your conversation is interrupted by blaster bolts as Imperial troops strike from ambush. Leia sighs. "It can never just be easy, can it?"

- While Leia Organa is adjacent to a healthy hero, attacks cannot target her and she cannot suffer ✖.
- Neutral mission tokens represent snow piles. Rebel figures must spend 4 movement points to enter a space containing a snow pile. Once per activation, a Rebel figure can test ⚙ to reduce that movement point cost by the number of successes until the end of the activation, to a minimum of 0.
- Leia Organa can interact with the terminal to install the communications beacon.
- The mission ends when the communications beacon is installed (✪), at the end of Round 6, or when Leia Organa is defeated.

SUPPORT TROOPS

At the end of Round 1:

Further troops arrive from higher on the mountain, aiming their blasters at you.

- Deploy the reserved Snowtrooper group.

WAMPA AMBUSH

At the end of Round 3:

Amongst the shouts and blasts of the battle, you hear a roar as a fur-covered monster lumbers toward you, sharp teeth glistening.

- Deploy the reserved Wampa to the red point.
- Increase ⚙ by the threat level.

ALMOST THERE

The first time a Rebel figure enters a space containing a snow pile:

- The yellow deployment point is now active.
- Increase ⚙ by the threat level and resolve an optional deployment.

END OF MISSION

When the communications beacon is installed:

The beacon is installed, and Leia programs the broadcast frequencies. You barricade the facility and blast the remaining Imperials before your pilot returns for an extraction. "You did quite well," Leia says, sounding mildly surprised.

- Heroes receive Leia Organa (Rebel Commander) as an ally.

At the end of Round 6 or when Leia Organa is defeated:

Leia is blasted in the arm and falls to the ground. Though she protests, you grab her and retreat to an extraction point. No communication system is worth risking the princess's life.

- The Imperial player receives 2 Influence.

ADDITIONAL REWARDS

- Each player receives 1 XP. Heroes receive 100 credits per hero. The Imperial player receives 1 influence.
