STAR WARS

IMPERIAL ASSAULT

LUKE SKYWALKER, HERO OF THE REBELLION

This pack provides the Luke Skywalker, Hero of the Rebellion, plastic figure that can be used to replace his ally token when playing a mission. The other components in this expansion are incorporated as follows:

- Shuffle the Side Mission card together with the other gray Side Mission cards before building the Side Mission deck at the start of a campaign.
- Shuffle the Skirmish Mission cards into the Skirmish Mission deck. These cards use the "Moisture Farm" map (see below).
- Add the Command cards to the pool of cards that a player can use to build his Command deck.
- Add the Reward card to the Reward deck. This card can be received by a hero after playing "Sympathy for the Rebellion."

COMPONENT BREAKDOWN

1 Plastic Figure (Luke Skywalker)

1 Reward Card (The Ways of the Force)

6 Command Cards (Deflection x2, Telekinetic Throw, Meditation, Knowledge and Defense, Son of Skywalker)

1 Side Mission Card (Sympathy for the Rebellion)

2 Skirmish Mission Cards (Moisture Farm)

A Close to Home

On a planet as arid as Tatooine, water becomes among the most precious of resources. As a result, moisture farms and their shipments are often high-priority targets for bandits.

A local farm is currently preparing for its latest shipment, and you need to ensure that the water goes where you need it. You suit up for combat, preparing for Sand People, outlaws, or whatever else you might encounter, and head toward the farm, tracking chips in hand. If you get all of the shipment tagged, you can make sure that water gets to the destination you choose.

B Raiding Party

Sometimes all that two feuding parties need is a common enemy. Of course, sometimes those parties will simply use that common enemy against each other.

While in a firefight against an enemy squadron, you hear the unmistakable sound of Tusken Raiders approaching. You know you can't run and decide it's best to use this new element to your advantage. If your squad can gain the right position, hopefully the Sand People will ignore them and head straight for your foes.

DEPLOYMENT AND SETUP

Initial Groups: Stormtrooper (2), **Stormtrooper**.

Open Groups: 3.

Special Setup: Increase ⚙ by twice the threat level and resolve an optional deployment. Heroes control **Luke Skywalker** (Hero of the Rebellion) as an ally at no threat cost.

MISSION BRIEFING

This is not the way this recruitment meeting was supposed to go. You don't know how, but the Imperials knew. Now you have to get your potential new recruits out of danger before they are captured by stormtroopers, or worse…

- Neutral mission tokens represent recruits. Healthy heroes and Stormtroopers can retrieve recruits. A figure can only carry 1 recruit at a time.
- Rebel mission tokens represent exits. When a hero carrying a recruit enters a space containing an exit, the heroes claim that recruit's mission token.
- At the end of each round, the Imperial player discards each Imperial figure carrying a recruit from the map. Then, he claims those recruits' mission tokens and increases ⚙ by the threat level for each token claimed.
- When a hero or **Luke Skywalker** is defeated, the Imperial player chooses and claims 1 recruit token not currently being carried (2 if the hero had 2 activation tokens).
- The mission ends when the heroes have claimed 5 mission tokens (✪), when the Imperial player has claimed 8 mission tokens, or when all the heroes are wounded.

HE'S HERE

When the heroes have claimed 4 mission tokens:

You hear a deep, mechanical voice raised in anger. "I told you I wanted this done quickly with no complications! Now, I must do this myself."

The imposing figure of Darth Vader marches into the cantina, surrounded by a threatening red glow emanating from his lightsaber.

- Deploy the reserved **Darth Vader** to the red point.

END OF MISSION

When the heroes have claimed 5 mission tokens:

Blasting down troopers, you rendezvous with Luke and the others. Now with firsthand experience of the Empire's cruelty, a grim resolve settles into your new recruits. You have no doubt that they'll prove to be valuable in the future.

- Rebel players choose one hero to receive the "The Ways of the Force" Reward card.

When the Imperial player has claimed 8 mission tokens or when all heroes are wounded:

With the growing Imperial presence and with most of the recruits already detained, you and Luke decide it best to cut your losses and slip out the back.

- The Imperial player receives 2 influence.

ADDITIONAL REWARDS

- Each player receives 1 XP. Heroes receive 100 credits per hero. The Imperial player receives 1 influence.
